

Large Etched Aluminium Mirror

DESIGNER

Lorenzo Burchiellaro

MANUFACTURER

Atelier Burchiellaro

Stunning etched aluminium mirror by Lorenzo Burchiellaro. A master of metalwork and the use of unique surface treatments, Burchiellaro continuously researched new techniques to achieve highly original patinations and textures. The mirror's edges are slightly raised off the wall, creating a strong sculptural impression. The treated aluminum surface is covered in thousands of small incisions that catch the light and create a beautiful interplay with shadow. Impressed signature of "burchiellaro" on the lower left.

\$16,500
