

'Capalonga' Desk Lamp

DESIGNER
Afra & Tobia Scarpa

MANUFACTURER
Flos

An impressive desk lamp designed by Afra & Tobia Scarpa for Flos in 1982. Two long ridged porcelain shades sit atop hexagonal brass columns. The angled shades direct light downward while also permitting a soft glow through the translucent material. A circular porcelain dimmer on the black enameled base allows the intensity of the light to be adjusted. A timeless yet contemporary take on the traditional desk lamp.

YEAR: 1982
